

COMPUTER SCIENCE DEPARTMENT LABORATORY PLAN

SUMMARY OF FACULTY SURVEY FORM

Distributed October 1, 2007

Collected October 3, 2007

Approved by the Department

October __, 2007

COMPUTER SCIENCE FACULTY NEEDS / PRIORITIES

HIGH	MEDIUM	LOW
Hire additional system support to assist Elbert Chan in managing our numerous servers and machines.	Acquire Department licenses for Adobe <i>Acrobat Professional</i> and Macromedia <i>Dreamweaver</i> .	Provide faculty access to a networked color laser printer.
Address OCNL 244 issues; dedicated, well-supported, and up-to-date Linux application server.	Maintain an up-to-date computing resources page listing available software in labs, software on servers, server status, etc.	Update laser printers in all full-time faculty offices.
Install overhead projectors in OCNL 244, OCNL 340, and OCNL 133.		Keep faculty station in OCNL 214, department conference room, up-to-date.
Setup OCNL 244 to have the same software as that used in the <i>ACM Pacific Northwest Regional Programming Contest</i> ; e.g. Eclipse IDE and CDT for Eclipse.		
Develop/install and maintain a program submission/turn-in system for our *nix server(s), e.g. http://filesub.sourceforge.net/		

CSCI LABORATORY COMMITTEE, 2007-2008
