The Chico State Intelligent Systems Lab (ISL) has developed a week long, interactive Summer Robotics Camp to provide girls going into the 8th grade with the unique opportunity to learn more about science and math. This camp is designed to introduce these young women to the fields of Computer Science, Engineering, and Mechatronics through their learning, experimentation, building and use of robots. In order to keep the Summer Robotics Camp free for participants, the ISL is looking for student organizations willing to provide and serve lunches during the week of the camp. Lunches will need to feed 30 participants, plus 10 staff members. Each participating organization will be assigned one day during the week of camp for which they will provide and serve lunch.

DATES:
Lunches need to be provided for Monday, June 14th, 2004 through Thursday, June 17th, 2004. Lunch will be served from 12:00 – 12:30 pm.

LOCATION:
California State University, Chico campus. Volunteer organizations will serve lunch in O’Connell 124.

REQUIREMENTS:
- Volunteers must be Chico State student organizations.
- Student organizations must provide four to six volunteers to set up and serve lunch.
- Volunteers are responsible for bringing all food and materials for lunches including drinks and plates, cups, napkins, silverware, etc.
- Student organizations are responsible for preparing the lunches themselves (the ISL does not have facilities available for the preparation of food and so encourages organizations to bring pre-prepared lunches or food requiring little to no preparation).
- Other responsibilities include bringing food to OCNL 124, setting up and serving lunch, and cleaning up after lunch is over.
- Menu selections must be approved by the ISL Summer Robotics Camp.

DEADLINE:
Completed registration forms must be received by April 1st, 2004.

CONTACT INFO:
The Chico State Intelligent Systems Lab welcomes any questions or concerns about our Summer Robotics Camp. Please contact us at csuc_isl@yahoo.com or visit the camp’s website at www.ecst.csuchico.edu/isl/SummerCamp.html

The Chico State ISL in funded in part by a grant from the National Science Foundation.
Grant # 0321385
Acquisition of robotics equipment for an Intelligent Systems Laboratory
